BOSTON, MASS., July 24.—Eighteen marines, who were placed in the Naval Hospital at Chelsea last Saturday for treatment for malaria, have been discharged as oured, and are now stationed at the navy yard, Charlestown. The remainder of the Panama Battallon, who were removed to the hospital are recovering, although several are still on the dangerous list.

The disposition of the marines on board the orulser Columbia is causing much concern. The officers of the Marine Corps are anxious to have the mentaken from the ship and sent to the stations they occupied previous to going to the Isthmus of Panama. Objection is made by the surgeons, however, to having the men going to Annapolis and Norfolk, as they might give mosquitoes an opportunity to spread the disease. It is possible they will be sent to New London and New York.

Further Arrests Will Be Made as Soon as Case is Submitted.

Holly clinched repeatedly, and used his weight to advantage. Gans had his opponent groggy in the last round, but could not put him down. Gans had absolutely no chance to show his science in clean fightling, but was forced, throughout the fight, to fight the battle at which Holly is best.

It was not until the eighteenth round, that Gans landed several rights and lefts that drew blood and closed one of Holly's eyes. Early in the contest Gans received a punch in the right eye that cut a deep gash, and a little later Holly landed aguin, and during the remainder of the contest Gans was fighting with one eye closed.

The last three rounds were the fastest of the battle. In the last round Gans landed hard on Holly, and for a minute it looked as if the Baltimore boxer would win.
